Selected By Special Committee as Secretary of Civic Improvement League.

LEAGUE NEEDS MEMBERS

Proposes That Old Market Site be Turned Into a Public Play-ground.

Long and earnest counsel characterized the meeting of the Civic Improvement League last night, (of the chief things

the meeting of the Civic Improvement League hast night, (a) of the chief things under consideration after the report of the special comitée on the selection of a secretary, heling the Increasing of the membership of the trigue, it being realized that the organization must be known by its works and that to this shall the corollary of an enlarged membership must be attained. Other matters discussed were the High School site having extrapublic play grounds for children and universal street sprinkling.

The special committee on the selection of a secretary and treasurer for the league, composed of Capitain A. B. Guigon and Messrs, M. L. Hothelmer and L. McK. Judkins, offered its report, which was adopted. The report stated that the committee had recommended the name of Mr. James H. Drake, Jr., for the position. It stated that Mr. Drake will give as much of his time as possible to the league, in so far as it will not gonflict with the active practice of his profession. The league will furnish the new secretary with a stenographer, and his office in the Mutual building will be the down-town headquarters for the league.

confidently believed that, owing It is confidently believed that, owing to Mr. Drake's well-known interest in civic work and to his acknowledged qualifications M similar fields, that the interest of the lengue will be greatly advanced by his appointment. The committee considered three names for the manual of them being the considered three names for the considered three names for the secretary two of them being mittee considered three names for the position of secretary, two of them being applicants for the place. Mr. Drake was chosen over the other two, and it was a question of the office seeking the man, as he did not apply for the position, the committee believing that no better secretary could be secured.

The report of the committee seemed greatly to please the members present, and was, after a little discussion, unanimously adopted.

Diagramounds Needed.

Play-grounds Needed.

Play-grounds Needed.

The attention of the lengtie was then turned to the increased public playground question, Mr. C. B. Cook referred to the idea, which he had first suggested, of having the city turn the Old Market Into a playground for children. He said that he had already interviewed several people on the matter, and one of them. Mr. Chris Manning, had expressed himself as being heartly in favor of the movement. In that district Mr. Manning told Mr. Cook that he found seventeen Italian boys in one room and that he had gotten them all out of their cramped quarters and secured them positions. One of them is now doing very well in a place on Broad Street.

Mr. Cook pursued the matter by saying that this is one of the duarters in the city which is most in need of such a place whore young children may eldoy the privileges of nature—sunshine and fresh air. A little more of nature's gratuitous baim might result in a lessening of the great White Plague, and thereby the city and her people be vastly benefited. The speaker stated further that Mr. John P. Branch had vurchased the lot at Eighteenth and Franklin Sireets for the erection of the public baths which he is to donate to the city, and that these two institutions for the public welfare could be worked in conjunction. As it is, the city is assured of the one, and the public weal demands the lother.

Mr. Cook's remarks on this vital questication.

he other.

Mr. Cook's remarks on this vital question were listened to with marked at-tention, and it is probable that the league tention, and it is probable that the league will take some active step to forward the movement in the near future. Active steps will be taken, at least, to further the work at the Nineteenth Street playgrounds during the summer.

Increase of Membership.

Mr. Jenkins took the floor to be the attention of the league again to matter of increasing the membership showing that the furtherance of its worl pends, to a large extent, on the or-nization being known among and ap-oved of and participated in by an the

proved of and participated in by all the people.

Mrs. Randolph suggested that letters, with enclosed addressed envelopes, should be sent to as many people as possible, with the aid of the city directory and blue book, saying that she herself had found the scheme very successful in raising the funds for the effection Davis and Stuart monum. Mr. Judkins supported this idea, and suggested further that all the people should be asked to join under the agreement that the league will exert itself to the fullest extent of its nower to secure universal street sprinkling, standing, however, under no obligation to that end.

It was decided, upon a motion of Mr. M. L. Hofheimer, that the league meet four times a year—on every lifth Wednesday, Mr. Hofheimer has very generously offered Fraternity Hall, No. 25 West Broad Street, as the place of meeting, and he was accorded a vote of thanks.

It may be stated, in connection with

It may be stated, in connection with the report of the committee on the selection of a secretary, that the league wile to practice on his grounds." "How's not loss the services of Mr. Judkins, who has rendered such valuable service during the service of Mr. Block certainly has an eye to business when he allows the football team to practice on his grounds." "How's inter" "Well, he's a doctor."—Chicago Journal. It may be stated, in connection with

ing all the time of his secretaryship. The work had reached such proportions that he could no longer spare the time which he deemed absolutely necessary for the full accompaniment of the work which the position demands, and he was so forced to give it up. Last night he was elected vice-president, and he will continue to devote all the time find energy he can spare for the league.

The Times-Dispatch has been asked to state that the league will be very glad to receive contributions for their work in behalf of the play-grounds of the city, and also to receive members. All contributions may be sent either to Mr. Cook, president of the league, or to Mr. James H. Drake, secretary, Mutual Building, or to any member of the body.

A meeting of the play-grounds committee and the executive committee to confer with the new secretary will be called as soon as Mr. Drake assumes office.

CAROLINA LIST.

These Two States Send Many of

Its Sick to Memorial Hospital. The Memorial Hospital always has a great many patients from North and South Carolina. These two States probably send more of their sick to this hostital than any other three. The following are those at present at the Memo-

Mrs. M. E. Ruffin, of Sharpsburg, N. C. is rapidly convalesting after an operation some time back.

Mr. H. H. Cooper, of Maysville, S. C.,

Mr. H. H. Cooper, of Maysville, S. C., who underwent an operation a week or two ago, will be able to leave shortly, Mrs. Cooper, is with her husband at the hospital.

Miss Sue Winston, of Laurenburg, N. C., is recovering after a very severe spell of illness.

Mrs. Annie L. Thorn, of Enfield, N. C., is with her daughter, Miss Carrie Enfield, who is seriously ill at the hospital.

Died at Eighty-Three.

ford county, were taken to his old home, in Madison county, for interment. The order of Elks, of this city, have elected Dr. J. Garnett King and J. W. McDonnell delegates to a convention to held in Richmond on June 18th, to organize a State lodge of Elks.

Heavy Electrical Storm.

(Special to The Times-Dispatch.)

(Special to The Times-Dispatch.)

WINCHESTER, VA., June 6.—One of the heaviest electrical storms in recent years occurred in this section last night and to-day. Lighthing struck in a number of places doing much damner, and hall and high water damaged crops.

A valuable breeding stallon belonging to Newton Carpenter, near town, was killed by lightning.

ALARIAAN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into vegetable matter, etc. Day after day these germs and possons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the

purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the purifying and tonic poisons and the system in perfect condition. While destroying the polluted blood S. S. S. gives tone and vigor to the entire system. Whole Foot Nothing But Proud Flesh -Tried Different Physicians and All Kinds of Ointments - Could Walk Only With Crutches - Ohio Man Says !

"CUTICURA REMEDIES THE BEST ON EARTH

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me

was trying to sew up the side of my foot, the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my cell was

heal the wound with all kinds of ointment, until at last my whole foot and way up above my call was nothing but proud fiesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. "It is eight months now since I stopped using Cuticura Remedies, the best on God's, earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only 65; but the doctors' bills were more like \$600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

Wallace.

The remains of Mr. T. Weldon Berrey, who died suddenly at his home in Stafford county, were taken to his old home.

of the St. Mark's Episcopal Guille and the standard sequence of the steamer Pocahontas will leave the support will be served on board, and many young ladies will aid in the success of the trip. The excursion is to help pay for the painting of the exterior of the church.

Tickets will be 50 cents, and 25 cents for children.

Manual Training Exhibition. The Central School will give an exhibition of manual training in the public schools of Richmond to-day and to-morschools of themmont comy sin to-mor-row between 4:30 and 10:30 o'clock, and also on Saturday between 10 and 2 o'clock. There are many interesting pieces of work, and the public is invited to attend.

AN UNKNOWN MAN FOUND IN CANAL

Body Has Been in Water Apparently About Two Weeks.

The body of a white man, presumably

The body of a white man, presumably about forty years of age, was found in the mill race at the Montague Manufacturing Company, at Ninth and Oveton Streets, yesterday afternoon about two o'clock.

Coroner Taylor was at once notified and went to the scene. The position that the body was in made it very difficult to remove it from the water and it was some time after it had been discovered before it could be taken away to Undertaker Hilley's establishment, where it will remain for soveral days.

Recognition was almost impossible. The body was hadly decomposed and perhaps had been in the water for two weeks.

It is likely that the drowned man fell in the canal on Byrd Streey lear Seventh. The canal that feets the paper mill and the Montague plant runs underground along Eighth Street and the water nasses through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper mill under Overton Street and empties into the river after having passed through the paper will under Overton Street and empties into the river after having passed through the paper will under the doubt he fact that this plant week and the race was open.

The man had nothing in his clothes he which he could be identified. Two cigarcits papers and a comb were all that could be found. He wore a blue cost, Ash trousers and a comb were all that could be found. He wore a blue cost, Ash trousers and a comb were all that could be found. He wore a blue could be found. He wore a bl

SAYS TRIAL COURT ILLEGAL

Against Clergyman,

(By Associated Press)

ROCHESTER, N. Y., June 6.—The Rev. Algernon S. Crapsey, rector of St. Andrew's Church, of this city, who was found guilty of heresy after a trial by an ecclesiastical court at Batavia last month, to-day filed an appeal from the findings of the court. Writings contained in Dr. Crapsey's book, "Religion and Politics," constituted the basis of the charges against the clergyman, which alleged denal in certain beliefs and doctrines of the church, as set forth in the Aposties' and Nicene Creeds.

Dr. Crapsey appeals from the court's decision on every point. He contends that the court was illegally and unfairly organized; that it erred in refusing to allow him proper time for the preparation of his defense, and that by its decision undertook to determine questions of doctrine, faith and worship.

and Runs for the Office.

(Special to The Times-Dispatch.)

DANVILLE, VA., June 6.—A new candidate for the position of postmater here recently showed up in the person of William Pleas Robinson, who has for the past several years, been conducting a general variety store. Mr. Robinson has disposed of his store and is now actively at work securing endorsements.

This makes four candidates for the office, and from present indications more are likely to annumber themselves later on. Mr. Robinson was a candidate eight years ago and was defeated by C. T. Barksdale, the incumbent, who is also a candidate for reappointment. In addition to the above. Ruthledge Castor, former assistant postmaster, and Sam Geles, recent Republican nominee for the State Legislature, are in the field.

time, was activitied by the state of the sta

SEALED PROPOSALS.

SEALED PROPOSALS ADDRESSED TO the "Council Committee on Streets" and properly endorsed, will be received by the Council Committee on Streets at the office of the City Engineer, until 12 noon, of Monday, the 18th day of June, 1956, and on that day will be publicly opened and read.

The work upon which bids are requested is as follows: (1) the construction of a bituilthic pavement in Floyd Street, or, (1) the construction of a vitrified brick pavement in Floyd Street. The approximate quantities for the above are as follows: 1,500 cubic yards excavation, 4,400 square yards pavement. (2) the construction of a granolithic sidewalk in the north side of Rivermont Avenue. The approximate quantities are as follows: 1,600 cubic yards excavation, 3,500 square yards granolithic sidewalk, 2,500 square yards granolithic sidewalk, 2,500 square yards of brick sidewalk, to be removed. (3) the construction of a granolithic sidewalk in the south side of Rivermont Avenue. The approximate quantities are as follows: 1,000 cubic yards excavation, 2,000 square yards of brick sidewalk in the south side of Rivermont Avenue. The approximate quantities are as follows: 1,000 cubic yards excavation, 2,000 square yards of brick sidewalk to be removed. Each of the above constitute a distinct piece of work, and will be let separately and not as a whole.

Each of the above constitute a distinct piece of work, and will be let separately and not as a whole.

Each of the contract.

The quantities are approximate only, and the Street Committee greserves the right to reject any or all bids, should they deem: It to be for the interest of the city of Lynchburg to do so, For further Information apply to H. L. SCHANER, City Engineer.

Marine Hospital Service, now in command of the local office of the service, it is announced, has been assigned by Surgeon-General Wyman to the supervision of the sanitary arrangements of the Jamestown Exposition. Surgeon Blue was in charge of this work both at the St. Louis and Portland expositions.

After the earthquake at San Francisco he was sent to that city in the interest of the public health and is now in Washington.

SEALED PROPOSALS.

SEALED PROPOSALS ADDRESSED TO

H. L. SCHANER, City Engineer.

BIDS WILL BE RECEIVED BY THE
Street Committee of the town of Sootsville, Va., until noon on the 15th day
of June, 1996, for laying approximately
1,600 square yards of Cenrent Sidewniks,
1,300 lin, feet, of Cement Curbs and constructing in the sidewalk a small reinforced concrete arch. Specifications
may be seen at the office of the chairman of the Street Committee. Bids
must be made on sheets prepared for
the purpose. No bld will be considered
unless all items are bid upon. A certified check for \$100.00 must accomplany
each bid has an evidence of good faith.
The Street Committee reserves the
right to reject any or all bids.

JACKSON BEALE, Chairman.
